### **REQUEST FOR PROPOSAL THIRD PARTY CONSTRUCTION TESTING/SPECIAL INSPECTION ITEMS GLACIER PARK INTERNATIONAL AIRPORT KALISPELL, MONTANA**

The Flathead Municipal Airport Authority is accepting proposals to perform Third Party Construction Testing and Special Inspections. Glacier Park International Airport is in the second phase of expanding and modernizing its existing terminal in Kalispell, Montana. This second phase of the project consists of approximately 58,300 square feet that includes both renovation and new construction. Additional details and other work are indicated in the RFP and Contract Documents. Construction began in July 2023 with concrete work beginning September 2023.

Your firm would need the availability to start testing immediately and be required to follow the construction timeline as provided.

Proposals are due by e-mail to [rfp@glacierairport.com](mailto:rfp@glacierairport.com) no later than 2:00pm, Monday, September 11, 2023.

All proposers are advised that the right is reserved by the Sponsor to waive any informality in, or to reject any or all proposals.

Requests for the entire Request For Proposals (RFP) & associated documents can be sent to [rfp@glacierairport.com](mailto:rfp@glacierairport.com).

Any questions can be submitted to Michael Dickerson via email at [rfp@glacierairport.com](mailto:rfp@glacierairport.com). Questions are due no later than 2:00pm Friday, September 1st, 2023. Questions received after this time will not be accepted.
